Johnson County ARES Net Script

All stations on frequency, this is <MYCALL> calling the Johnson County Amateur Radio Emergency Service Net. My name is <NAME>. I am located in <CITY>. This net meets every Sunday evening at 8:30 PM local time on the W0FDA repeater at 147.15 MHz, also known as the Coralville Repeater. Please set your access tone to 192.8 Hz. The alternate repeater is the KD0MVJ repeater at 145.27 MHz which also requires a 192.8 Hz access tone.

All stations are invited to check in, with or without traffic. This is a directed net. When checking in, please give your call sign and any other information requested.   Stations with emergency traffic may break in at any time by using the words "Break" or "Break Emergency" along with their call sign.

I will now stand by for Emergency Coordinators and Assistant Emergency Coordinators.

Are there any stations with FORMAL WRITTEN TRAFFIC?
Are there any stations with INFORMAL TRAFFIC?

The next meeting of Johnson County ARES will be (*Third Thursday of even months*) at 7:15 PM at the Joint Emergency Communications Center for Johnson County.

I will now begin a roll call of stations who frequently check into the net. Please respond with your name and location. <ROLL CALL>

I will now take CHECK-INS from any stations not already called. Please let me know if you have traffic.

Please note other ARES nets in this week's cycle:

- Monday 6:30 PM Benton County ARES Net at 145.23 MHz, 141.3 Hz tone.
- Monday 7:30 PM: Washington County ARES Net at147.045 MHz, 146.2 Hz tone.
